RE: Seeking Raffle Prize Donations For Our Carnival

On behalf of Riley Park Figure Skating Club (RPFSC) skaters, families and board members, I am asking you to consider supporting our Carnival to be held on March 19, 2016.

Background:

Our Club has been serving the Riley Park / Mount Pleasant / Douglas Park community for over 40 years. Skate Canada certified programs are offered for beginner CanSkate level through competitive levels, taught by Nationally Certified Coaches and our Program Assistants.

Our Club is a non-profit society. Skating program costs are kept low through directorship of volunteer parents who form our board, many additional volunteer hours from non-board parents, and through financial donations.

On March 19, 2016, we will be celebrating the performances of our skaters who range from pre-school-aged beginners to accomplished competitors in our biennial ice carnival. The ice carnival is one of our major opportunities to raise funds to support our programs and keep our fees low and accessible to more families in the community! The Club is seeking support from the local community and businesses to help make this event successful.

Donation Request:

How can you help our Carnival event? Please consider donating to our raffle prizes. Any fundraising donation items ranging from gift cards to merchandise would be much appreciated and we will ensure that we credit your donation in our program.

Thank you for considering this request. The deadline for submissions is March 5, 2016.

If you have any questions or need additional information about the fundraising request for our Carnival, please contact Dennis Bohme at dennis.bohme@hotmail.com

Sincerely,

Dennis Bohme
Board Member, RPFSC Carnival Committee / Promotions
